Download the VGN-SZ5-application.zip (163 MB) to a temporary or download directory (Please note this directory for reference. Make sure the size of the downloaded file is the same as indicated. If the size is different, please download the file again.) Then launch and install the file as below.

#### **Sony Shared Library**

1. Execute **SonySharedLibrary.EXE** file.
2. Follow the installation wizard that appears.
3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

### **Sony Utility DLL**

1. Execute **SonyUtilitiesDLL.EXE** file.
2. Follow the installation wizard that appears.
3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

### **VAIO Event Service**

1. Execute **VAIOEventService.EXE** file.
2. Follow the installation wizard that appears.
3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

### **Setting Utility Series**

1. Execute **SettingUtility.EXE** file.
2. Follow the installation wizard that appears.
3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

### **VAIO Control Center**

1. Execute **VAIOControlCenter.EXE** file.
2. Follow the installation wizard that appears.
3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

### **VAIO HDD Protection**

1. Execute **VAIOHDDProtection.EXE** file.
2. Follow the installation wizard that appears.
3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

### **Microsoft .net Framework 1.0/2.0 (you can choose one of them)**

1. Double click **Framework1(2)** file.
2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

#### **Battery Care Function**

1. Execute **BatteryCareFunction.EXE** file.

2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

#### **Battery Checker**

1. Execute **BatteryChecker.EXE** file.

2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

#### **VAIO Power Management**

1. Execute **VAIOPowerManagemen.EXE** file.

2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

#### **Wireless Switch Setting Utility**

#### **VAIO Power Management**

1. Execute **WirelessSwitchSett.EXE** file.

2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

#### **Suit QL**

1. Execute **SuiteQL.EXE** file.

2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation**

**wizard that appears.**

4. When the installation finishes, please restart the computer if needed.

#### **Infineon TPM Utility**

1. Execute **Infineon.EXE** file.

2. Follow the installation wizard that appears.

3. At the License Agreement dialog, read the agreement. Click I Agree to continue with the installation.

**NOTE: Several setup boxes may briefly appear during the installation. Follow the installation wizard that appears.**

4. When the installation finishes, please restart the computer if needed.
